**Subject:** Managing Staff Deployments

Good afternoon,

As you may know the Region is assisting R8 and R9 on several emergency responses as this time (Gold King Mine, Nonresponsive) We are anticipating that more staff may be asked to deploy through the Response Support Corps and want to make sure that we track the travel and timekeeping for the different responses accordingly. To help manage this, we are asking that any travel related to deployments be done by Sharon Smith in ECL.

Accounts for timekeeping will be incident specific and guidance will be provided as deployment decisions are made. Feel free to let me know if you have any questions.
